

SUPPORT THE FUTURE OF MOUNTAIN BIKING IN BC

Freeride pioneer Brett Tippie said it best...

"We have wicked mountains. We're mountain people. BC is paradise for mountain bikers."

WHO ARE WE?

The **Western Canada Mountain Bike Tourism Association** (MBTA) was formed in 2005 to turn British Columbia's world-class mountain biking into a marketable globally competitive brand.

We showcase BC's top mountain biking destinations and have developed essential tools to aid the sector's growth. We work with communities and resorts offering a diverse range of sustainable mountain biking experiences. Check out www.mountainbikingbc.ca

THE SYMPOSIUM

On October 2-4, the **MBTA** will present the **Mountain Bike Tourism Symposium** in Whistler, BC.

The symposium is a gathering of people from across the province with a vested interest in advancing the future of mountain bike tourism in British Columbia. The goal is to unify the voice of the mountain bike tourism industry and seek opportunities to not only attract more mtb visitors to the province but also to make mountain biking more sustainable and increase the benefits to communities throughout BC.

YOUR SUPPORT IS NEEDED

We want to make the symposium a great success and we hope you share our vision to make BC the most diverse mountain biking destination in the world supported by enthusiastic communities, resorts, and tourism operators.

A vibrant mountain bike tourism economy will generate new economic benefits and increase support for trail development and ensure a positive and sustainable future for mountain biking in BC.

We are seeking progressive organizations that recognize the benefits of mountain bike tourism and wish to support the goals of the symposium and the mtb sector. We offer the following sponsorship packages in return for your organization's support.
